

Important Notice

It has been observed that there are private Tennis tournaments being organized in India by independent entities like UTR and others in the recent past, with All India Tennis Association's (AITA) registered players participating in the same.

These private tennis tournaments are not approved by the AITA and the organizers and participants of such tournaments are informed that without the prior approval or sanction from AITA, these tournaments are not permitted to be organized.

With this notice, the AITA conveys its displeasure at this development and informs all the involved stakeholders of the sport – Players, Coaches, Officials, Tennis Academies, and Parents – to abstain from organizing, associating with or taking part in UTR and other similar non-sanctioned tournaments/events, failing which, the AITA would unfortunately be constrained to consider further action against the players/entities, which could include official de-recognition/de-registration from AITA and AITA tournaments.

(Anil Dhupar)

Hon. Secretary General
All India Tennis Association
